**La Rosa Landscape Kicks in for Cedarburg Soccer**  
*Harris Bank Fields Get Free Professional Care*

Cedarburg, Wis. – November 10, 2009 --- This past Saturday, November 7, La Rosa Landscape Company, Inc donated soccer field makeovers at the popular and much-used Harris Bank Fields. Using seed and fertilizer donated by [Lebanon Turf](#) and [Spring Valley](#), La Rosa aerated and fertilized over seven acres of soccer fields. One entire field was also overseeded.

The renovations are part of a collaborative effort with national non-profit [Project EverGreen](#), a service organization dedicated to preserving and enhancing green spaces today and for future generations.

“We worked on Harris Bank Fields for the Cedarburg Soccer Club,” said Mike La Rosa, owner of La Rosa Landscape. “These fields get so much use from so many kids that they have become a major social hub for the community. As with any other Cedarburg community asset, we need to take care of them for now and for the future. Working on the fields now will help them get ready for the upcoming spring season.”

**About La Rosa Landscape Company, Inc.**
